

We, Tridelta Meidensha GmbH, are part of the Japanese Meidensha Group and have been producing surge arresters for use in medium and high-voltage networks at the Hermsdorf/Thuringia site for more than 60 years. Our products stand worldwide for best quality, high reliability and maintenance-free operation over the entire service life. Our arresters are successfully in use in over 120 countries - even under extreme climatic conditions.

To strengthen our team we are looking for you with immediate effect as

Technical Product Manager for high voltage products (m/f/d)

Your tasks:

- Assumption of responsibility for profitable growth and economic success of the various product lines
- Management and implementation of international market launches
- Contact person for technical questions concerning the product lines
- Close cooperation with the sales staff and international representatives
- Identify customer and market requirements to expand product lines and manage development projects
- Interface function between sales and development department
- Representation of the company at trade fairs and exhibitions as well as in professional bodies
- Continuous process improvement within the framework of our daily lived LEAN culture

Your profile:

- Successfully completed studies in the field of electrical engineering or industrial engineering with a specialization in electrical engineering
- Knowledge in the field of medium and high voltage technology and ideally experience in the international environment of products requiring technical explanation
- Confident appearance in customer contact and technical expertise
- Integrity, initiative and holistic thinking and acting
- business fluent German and English skills

Our offer:

- Responsible and varied tasks and projects with room for independent and autonomous work
- Work in a highly motivated team and in a modern work environment with flat hierarchies and direct access to management
- permanent position in a global company, flexible working hours
- Market-driven and performance-oriented compensation as well as a bonus of up to 6,000 euros per year, company health management and other extensive additional benefits (for a complete list of our benefits, visit www.tridelta-meidensha.de)

You would like to become part of our team?

We look forward to receiving your meaningful application documents!
